You've FINISHED!

Milestone Courses

should be taken in the order shown. This will help you stay on track and graduate on time.

CERTIFICATE COMPLETE!

Continue on to earn your Associate Degree in Medical Assisting.

General Advising Notes

- The Medical Assisting Certificate and Associate Degree program is a selective health program with specific admission criteria that must be met before entrance into the program.
- This program admits Fall Semester.
- Students must complete the Medical Assisting Certificate program first before admittance into the associate degree program.
- At the completion of the 2nd semester students have completed the requirements for the certificate and are eligible to take the Medical Assisting Certification Exam. Students are also able to apply to complete the associate degree.
- CAP 101 is a prerequisite course to the Medical Assisting Certificate program but will also meet the degree requirements.
- One of the General Electives courses could be substituted with three 1 credit IDS courses.

Career and Transfer Outlook

Graduates are prepared for entry-level employment in various outpatient settings, including hospital clinics, group and individual physicians' practices, chiropractor and podiatrist offices.
