You've FINISHED!

Milestone Courses should be taken in the order shown. This will help you stay on track and graduate on time.

Make Your Summer Matter. Summer is a great time to take some elective courses and get ahead.

Helpful Hints

Students are encouraged to take the courses in the order shown in the program map to ensure the required course availability as they progress through the program, as some courses may be offered only in one semester per year.

Career and Transfer Outlook

Students who complete the IT Networking and User Support Associate degree are prepared to work in a variety of IT support roles such as help desk and technical support positions and to progress into leadership positions within those areas.

The IT Networking & User Support Associate degree is a MassTransfer eligible program. Students completing the degree are encouraged to consider a business degree in Management information system or a similar program at the Bachelor's level.
