### Program Description

Ready to launch or grow your business within four to 12 months? The Launch Your Business Now! certificate program develops essential skills while actively using effective strategies to launch or grow your business during the semester. Get ready to start, regardless of academic background.

This is an applied program to help launch a business while taking courses. You must have a business you want to actively launch for this program. The certificate will also focus on various funding sources and help you to figure out a funding strategy. Graduates of this program are also eligible for the Everyday Entrepreneurs Venture Fund, a seed money opportunity.

### Certificate Programs

Certificate programs can serve as the basis for further higher education or professional studies. Certificate programs require students to complete specified coursework, mainly related to particular fields of employment.

While many students enroll in a certificate program in preparation for direct entry into employment, they often return to college, part time or full time, and apply the credits previously earned to an associate degree program.
