TOTAL CREDITS 16

You've FINISHED!

Milestone Courses

should be taken in the order shown. This will help you stay on track and graduate on time.

Helpful Hints

This certificate is recommended for any student in any discipline. It is a great addition for students looking to innovate and/or practice within the chosen industry. The elective course options allow students to customize their learning experience to their particular interest and future career path.

Certificate Programs

Certificate programs can serve as the basis for further higher education or professional studies. Certificate programs require students to complete specified coursework, mainly related to particular fields of employment.

While many students enroll in a certificate program in preparation for direct entry into employment, they often return to college, part time or full time, and apply the credits previously earned to an associate degree program.

Career and Transfer Outlook

- This certificate prepares students to investigate, start and/or grow a small business venture.
- It also prepares students to contribute to the development and innovation of any business in any industry.
