Disclosure of Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act was signed into law in 1990. The law requires educational institutions participating in student financial aid programs under Title IV of the Higher Education Act to disclose information about campus safety policies and procedures and to provide statistics concerning certain crimes that occurred on or near campus. The report includes crime statistics for the previous three years. Statistics include reported crimes to MCC Public Safety, local police, persons referred for campus disciplinary action for categories required under the Clery Act, and Campus Security Authorities. For statistical purposes, crime statistics reported to any of the above named sources are recorded in the calendar year during which the crime is reported. This information is then separated by the campus locations as well as whether the crime occurred on campus property or on public property.

Annual Safety and Security Report Availability

Each year, on or before October 1st, an e-mail notification is sent to all enrolled students, staff and faculty members that provides the website to access this report. Prospective students and prospective employees are provided with information to access the report. In addition, e-mail or print copies of this report may be obtained by contacting the Director of Compliance at chapmana@middlesex.mass.edu. In addition, print copies will be available at the Public Safety Office in Lowell and Bedford. This report is available on the College's website at: <https://www.middlesex.mass.edu/disclosurestatements/campsecrpt.aspx>.

Violence Against Women Reauthorization Act & Campus SaVE Act

On March 7, 2013, President Obama signed into law the Violence Against Women Reauthorization Act (VAWA) which imposed new requirements on colleges and universities under its Campus Sexual Violence Elimination Act (SaVE). The requirements act to add to, refine, clarify and amend the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and act to reinforce Title IX. The Campus SaVE Act adds offenses involving domestic violence, dating violence and stalking to the crimes that institutions must report in the Annual Safety & Security Report. The Campus SaVE Act also expands the categories of reportable "hate crimes" to include those based on bias against gender identity or national origin consistent with Federal statutes.

The Campus SaVE Act amended the definition of sexual offenses and the category of reportable "sex offenses" to include: rape, sodomy, sexual assault with an object, fondling, incest and statutory rape consistent with the uniform crime reporting system of the Federal Bureau of Investigations. The Annual Safety & Security Report must also include detailed descriptions of the institution's internal procedures to resolve issues of domestic violence, dating violence, or stalking, resources on-and-off-campus, as well as descriptions of its educational and preventative programs.

Description of Campus Property

This report covers the Middlesex Community College campuses in Bedford and Lowell, Massachusetts, as well as public property within or immediately adjacent to and accessible from the campus are collected or requested from the Lowell, Bedford and Billerica police. The College does not have residence halls or off-campus sponsored housing. In addition, there are no off-campus student organizations that are recognized by the institution including student organizations with off-campus housing facilities. The Bedford Campus and Lowell Campus maps are included at the end of this document.

Public Safety

The MCC Public Safety officers enhance the safety and security of the MCC campus, its community members, visitors and guests. Campus Public Safety officers are authorized to enforce the rules and regulations of Middlesex Community College in the following ways:

- Dispersing activities not permitted under campus guidelines, i.e., improper use of facilities, harassment, and trespass.
- Issuance of parking tickets.
- Verbal warnings to cease unauthorized activity.
- Escorting violators from the campus facilities.

Public Safety officers do not operate with police powers and do not carry weapons.

Daily Crime Log

The MCC Public Safety officers maintain a daily log of activity on the Lowell and Bedford campuses. The public daily log is available for viewing during regular College office hours. Copies are available within two business days of the written request. The MCC Public Safety officers maintain crime statistics to aid in the publication of this report.

Relationship with State and Local Police

Because MCC is a state-owned property, enforcement authority rests with the state police. MCC campus security officers routinely work with state police and/or local police in investigation of criminal activity occurring on the campus property. The state or local police are called in by campus Public Safety officers in cases of criminal activity such as assault, automobile accidents, theft, violation of restraining orders, etc. In most instances, restraining orders are delivered to:

- On the Bedford Campus - Campus Manager's office - Building 10
- On the Lowell Campus - Campus Manager's office
- Restraining orders involving any students are delivered to the Dean of Students office

The College partners with the Lowell and Bedford Police Departments to ensure safety on our campuses. In order to provide easier access to police and for timely responses to incidents, MCC has established a position on each campus for a Campus Safety Officer. These officers are Bedford and Lowell Police officers and have full authority on the MCC campuses. On their respective campuses, these officers patrol the campus, assist with criminal and emergency incidents, establish relationships with students, faculty and staff, and assist with creation and maintenance of preventative safety and security protocols, conduct trainings for the campus community and act as a liaison to the police department.

Security of and Access to Campus Facilities

Campus grounds are open to the public for non-organized activities, including but not limited to, walking, bicycling, etc. Visitors are expected to use facilities safely and properly. Those found violating normal safety practices or acting discourteously will be asked to leave. Organized uses include but are not limited to; community events are scheduled through the Campus Manager on either campus. Campus Public Safety officers are provided with a schedule of organized events and will investigate unscheduled activity taking place.

Access to Buildings during Off-hours

No unauthorized persons are allowed into campus buildings off-hours without prior permission or unless accompanied by an authorized person. College staff or students needing access to buildings during off-hours are required to make arrangements with the appropriate Campus Manager's office. The Campus Manager will provide security with an authorized Access List.

Campus buildings are open Monday-Thursday, 7am - 10pm, Friday, 7am - 5pm, and Saturday 8am - 1pm when classes are in session. Buildings remain secured on holidays, Sundays, and during nonscheduled class periods unless special arrangements are made to the contrary by contacting the Campus Manager.

Maintenance

Middlesex Community College employees provide for janitorial services. The supervisor of the janitorial crew has keys to campus buildings in order to provide access for employees during their work shift, 10pm - 7am. During this time period, other employees or students are generally not on campus. Mechanical contractors and mechanical trade's workers are accompanied by a college employee when it is necessary for them to be on campus during other than normal working hours.

Reporting Criminal and Emergency Incidents

Middlesex Community College students, faculty, staff, guests and visitors are encouraged to report all crimes and public safety related incidents to the MCC Public Safety or Campus Safety Officer in a timely manner. Public Safety and the Campus Security Officer, based on their role, are mandated to report crimes and emergency incidents. Both the Lowell and Bedford campus maintain 24 hour coverage and are continually patrolled. Public Safety officers can be approached at any time.

Campus, Medical or Campus Safety Emergency

- Dial 911 immediately

When calling for an emergency or non-emergency incident, be prepared to:

- Clearly identify yourself
- State where you are calling from
- State briefly the nature of your call

Non-Emergency Incidents

For Non-life threatening emergencies,

- dial ext. 6224 from on-campus phones or
- Public Safety, Bedford: 781-589-0234 or
- Public Safety, Lowell: 781-589-1384

MCC strongly recommends that community members pre-program their cell phones with the MCC Public Safety phone numbers as well as local police agency's non-emergency phone numbers.

General Response to Reported Incidents

Upon receiving a report of any criminal activity, injury, or accident, a Public Safety Officer will respond by interviewing the reporting individual for details of the incident. The Public Safety officer may be accompanied by the Campus Safety Officer or may refer the incident to the Campus Security Officer. The Public Safety officer on duty will complete an incident report which is reviewed by the Director of Public Safety and, when appropriate, the Dean of Students. Copies of incident reports are maintained in the Public Safety office.

Actions:

- The Public Safety officer on duty can often respond to an incident by taking such actions as: asking a person to leave the campus, issuing a parking ticket, or intervening to disperse offenders.
- Complaints of discrimination and/or harassment, including sexual violence are referred to Darcy Orellana, MCC Affirmative Action Officer and/or Alisa Chapman, Title IX Coordinator for resolution which can include state or local police. More information can be found on pages 19-26 of this report.
- Public Safety officers work with the Campus Security Officer, the state and local police as appropriate in reporting criminal incidents. The police then conduct their own investigation and in most cases keep college officials apprised of the status and dispensation of each case.
- In the case of incidents or complaints regarding maintenance of facilities and grounds, the College facilities and maintenance staff address the concern in response to a Maintenance Work Order completed by the responding officer.

Monitoring & Reporting of Criminal Activity Off-Campus

Middlesex Community College does not operate off-campus housing or off-campus student organization facilities. When off-campus incidents occur and involve MCC students or employees, MCC security

officers may assist with the investigation in cooperation with local, state or federal law enforcement officials.

The College reserves the right to take disciplinary action against a student for off-campus conduct when such conduct adversely affects the College community, poses a threat of harm to the College community; interferes with the College's pursuit of its objectives and mission, and/or if a student is charged with a violation of state or federal law. Proceedings under the Student Code may be carried out prior to, simultaneously with or following civil or criminal proceedings off-campus.

Confidential Reporting Process & Exceptions

Middlesex Community College encourages and supports all member of the community to report crimes that happen on campus to Public Safety. Anyone community member who is the victim or witness to a crime is encouraged to promptly report the incident to Public Safety. Due to the sensitive nature of certain types of crimes, community members may report crimes for investigation or report crimes on a voluntary basis for inclusion in the Annual Safety and Security Report or victims may choose to confidentially report to a Personal Counselor through MCC Personal Counseling & Consultation Services if they wish to have their report remain confidential.

- Bedford Campus, Enrollment Center, 2nd Floor (781) 280-3630
- Lowell Campus, City Building, 3rd Floor (978) 656-3258

Community Safety Awareness & Crime Prevention Education

Periodic forum programs and advertising campaigns consisting of distribution of flyers or brochures, posting of messages, and electronic mail will inform students and employees about crime prevention and resources. Programming and advertising topics include: safety awareness, weather emergency preparedness, health advisories, alcohol and illegal drugs, intimate partner violence, sexual assault and other safety matters that affect our community. These programs are developed and provided by the following offices/staff throughout the academic year for students and throughout the calendar year for faculty and staff: Director of Public Safety, Campus Safety Officers, Director of Compliance, Affirmative Action Officer, Dean of Students office, Personal Counseling & Consultation Services, the Environmental Health & Safety Officer, Human Resources and the Center for Health & Wellness.

Middlesex Community College believes that through crime prevention and safety awareness education, community members are better prepared to prevent crime and to respond if crime does occur.

Community members should be aware of the following:

- The College encourages students and employees to be aware of their responsibility for their own safety/security and the security of others. The Director of Public Safety invites all students, faculty and staff to make recommendations of programs or initiatives that could enhance campus safety.
- As part of their regular patrol duties, MCC security officers and the Campus Safety Officers inspect the lighting and other safety conditions of the campus facilities. If a problem is found, officers will send a work order to the Facilities Department.
- The College utilizes an emergency notification system, which enables College officials to send students, faculty and staff voicemails, emails, and text messages with timely information within minutes.
- MCC security officers and the Campus Safety Officers may patrol the campuses on foot as a visible and efficient method of patrolling.

- MCC Public Safety officers have the ability to review closed circuit televisions in public areas on both campuses.
- The Director of Public Safety works with on campus event organizers to ensure proper security of large scale events.
- The college has conducted *Campus Security Authority (CSA)* training.
- The college has contracted with Everfi, Inc., a national on-line training service to provide sexual violence programming for the college community.

Community Safety Awareness- Sex Offender Information

The Massachusetts Sex Offender Registry Board classifies sex offenders according to levels low risk (1) to high risk (3). The Board is required to transmit a Level 3 sex offender's registration data and final classification to an institution of higher education where the offender works, intends to work, is enrolled as a student or intends to enroll as a student. Police Departments may also transmit Level 2 and Level 3 sex offender information to the college regarding such sex offenders who may live or work in the vicinity of the College.

The Director of Public Safety will act as the primary public safety officer at the College. The Director of Public Safety, the Executive Director of Public Affairs and the Director of Compliance will act as the liaisons to the Massachusetts Sex Offender Registry Board and local Police Departments in receiving sex offender registry information. The Directors and Executive Director will receive all Level 3 notifications directly from the Board and/or local Police Departments. When a notification pertains to our community, the directors will coordinate the posting of Level 3 notifications on campus and disseminate Level 3 information to the President, Vice Presidents, Dean of Students, Human Resources Director, Campus Managers and Public Safety and managers in areas where vulnerable populations are served including the Library, BRIDGE, LMACS, Community Programs and the Fitness Center. In addition, the College reserves the right to directly notify instructors, faculty members and/or supervisors. Managers in areas of responsibility who service vulnerable populations shall be made aware of the following:

- *The College Policy on Access to Sex Offender Information*
- *Where Sex Offender Registry Information is Available.*
- *The Procedures MCC Follows upon Receipt of Sex Offender Registry Information.*

Community Notification of Level 3 Sex Offender Information

Level 3 offender notices shall be posted by the Director of Public Safety or his/her designee within 2 days of receiving the information from the Board, regardless of when a meeting to inform the offender occurs. The notice locations include, but are not limited to, a bulletin board on Main Street of the Campus Center on the Bedford campus, a bulletin board in the Lobby of the City Building on the Lowell Campus, the Libraries on both campuses, the Fitness Center, and a centrally located bulletin board in each building on both campuses, both administrative and academic.

Public Access to Level 2 & 3 Sex Offender Information

The College will advise students and employees how to access sex offender information through appropriate College publications that include, but are not limited to the Student Handbook, Academic Catalog, Faculty Handbook and the College website.

The Department of Public Safety will be responsible for maintaining a Level 2 and Level 3 Sex Offender Binder on each campus. The sex offender information binders at the Public Safety offices shall be available for public inspection and copies of Level 2 and 3 notices may be provided upon appropriate written request.

The Director of Public Safety or his/her designee will not respond to a request for Level 2 or 3 sex offender information unless the request is presented in writing utilizing the College's "Sex Offender Information Request Form". The form is available online under the "Disclosure Statements" sections and also in hard copy at the Public Safety offices. The Director of Public Safety or his/her designee will maintain a log and record of all inquiries including copies of all the written requests for sex offender information.

Upon receiving a written request for information the Director of Public Safety or his/her designee will inform individuals seeking public information on sex offenders to contact their local police department or the Board to obtain a more in-depth listing of sex offender information. Upon receiving a written request for information the Director of Public Safety or his/her designee will also inform individuals seeking public information on sex offenders that use of sex offender information to engage in illegal discrimination or harassment of an offender shall be punishable by not more than two and one-half years in the house of correction or by a fine of not more than \$1,000 or by both such fine and imprisonment.

The entire policy can be found at: <https://www.middlesex.mass.edu/DisclosureStatements/> under the Sex Offender Information tab.

Emergency Response & Evacuation Procedures

What is an Emergency?

An emergency is an unforeseen event or condition requiring prompt action. Emergencies at Middlesex Community College can be generally classified as medical emergencies, fire/fire alarm emergencies, and public safety emergencies & environmental emergencies. Emergency conditions either affect an individual, a small group or the entire college. In the case they affect the entire College they typically involve the evacuation of the campuses.

Campus Evacuation

There are many reasons a campus may have to be evacuated. The most common reason for evacuation is due to fire alarm activation. Other reasons for evacuating a campus include, but are not limited to a bomb threat, environmental condition or a physical threat. When you are asked to evacuate the facility by Public Safety personnel, law enforcement or the fire alarm sounds:

1. Collect all personal belongings including book bags, jackets, brief cases, etc. Why? Because you can't count on returning to the building and in the case of a bomb threat such items would be considered suspicious and handled as a possible "device".
2. Immediately leave the building following any verbal instructions and follow the evacuation route posted adjacent to the primary classroom exit door.
3. Faculty should assign someone to provide assistance in assuring students with disabilities are directed to the evacuation point.
4. Faculty should turn off all gas and electrical appliances. The lights should be left on, the corridor door closed and left unlocked.
5. Upon exiting the building move well away from the building. This will prevent a "log jam" of people at the entranceway and allow the fire department swift access.
6. Re-entry: The College public safety personnel shall notify you when it is safe to return to the building.

We recommend that faculty review the evacuation procedure with their class at the beginning of each semester. Students should also take time to review the evacuation route posted next to the primary classroom exit door.

We recommend that students with disabilities identify themselves to a faculty member if they feel they may require assistance during an evacuation. Together they can formulate an evacuation plan. Under no circumstances are the elevators to be used when a fire alarm is sounding.

Emergency Drills, Testing and Evacuation Procedures

The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. At Middlesex Community College, evacuation drills are used as a way to educate and train students, faculty and staff. During the drill, students, faculty and staff 'practice' drill procedures and familiarize themselves with the location of exits and the sound of the fire alarm. In addition to education, the process also provides MCC with the opportunity to test the operation of fire alarm system components.

Evacuation drills are coordinated by the Department of Public Safety & the Environmental Health & Safety Officer. In all buildings, emergency exits signs are provided to give guidance on the direction people should travel when exiting each building for a short-term building evacuation. In academic buildings, evacuation maps are posted on the wall next to the classroom doors and in administrative buildings the evacuation maps are located along the corridors. MCC does not tell individuals in advance about the designated locations for long-term evacuations because those decisions are affected by time

of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. Staff on the scene will communicate information to individuals regarding the developing situation or any evacuation status changes. Fire drills are typically scheduled during the early start of the fall & spring semesters.

MCC conducts announced and unannounced drills and exercises each year and conducts follow-through activities designed for assessment and evaluation of emergency plans and capabilities.

Timely Warnings

The Middlesex Community College Emergency Alert system is intended to give students, faculty and staff timely notifications of incidents that may present an immediate threat to the campus community and to heighten safety awareness. The alerts can also be used to assist law enforcement agencies with widespread communications to our campus community with valuable and timely information to assist them with the management of an operation.

The safety of our students, staff and faculty is paramount to Middlesex Community College. The college has created a three-tier, Emergency Management Team consisting of more than 100 administrators to oversee all operations on campus, both during a crisis as well as in the planning and preparedness stages.

The Emergency Management Team shall be responsible for the activation of a Middlesex Community College Emergency Alert when an incident is reported to the team and rises to the level of a required widespread communication. The Emergency Management Team shall determine if there is a significant emergency or dangerous situation, determine the appropriate community members that should receive the notification, determine the content of the notification and initiate the notification system.

Every effort will be made to distribute the alert in a timely manner; however each release is subject to the availability of accurate information concerning the incident and if releasing information will compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Alerts are distributed to faculty, students and staff through a variety of sources, including text messaging, phone calls, social media, or email.

Participation in the Emergency Alert system, however, is voluntary on behalf of the individuals, who are provided with constant opportunities to opt into the information system. If the individual, however, elects not to share his/her cell phone information through the system, that individual will not receive electronic communications that are distributed through the automated Emergency Alert system. Other manners of communication, such as oral communications from security and Emergency Management Team personnel and audible instructions on the intercom system will also be used when necessary.

Middlesex Community College tests the Emergency Alert System annually, which may be announced or unannounced and may be limited to a small portion of the staff. Community members are encouraged to read these procedures in advance so they are prepared.

For questions related to emergency responses, evacuation procedures and timely warnings, please contact the Director of Public Safety, Daniel Martin at martind@middlesex.mass.edu, 781-280-3751, or Cataldo Building, room 211.

Alcohol & Drug Policy

Standards of Conduct

As stated in the Student Handbook: "In enrolling at Middlesex Community College, a student agrees to abide by College regulations which are described below. Violations of these regulations or the aiding, abetting, inciting, encouraging or supporting such violations constitute an offense for which students may be subject to disciplinary action."

Drugs on Campus

Any student found possessing, using, selling, or involved in any way with narcotics, psychedelic drugs or chemicals, or dangerous drugs on this campus, unless prescribed by a physician, will be subject to disciplinary action. In addition, the College remains cognizant of its responsibilities to the civil authorities. Operating within this framework, students who seek information, advice or counseling regarding drugs are urged to contact members of the Student Services staff or MCC Health Services. Complete confidentiality will be maintained. Also, the Student Services staff is prepared to refer students to appropriate professionals (medical, legal, psychiatric, etc.) according to the needs of the individual student. Contact will be held in complete confidence.

Alcoholic Beverages

Consumption of alcoholic beverages is prohibited anywhere on Middlesex Community College property including the parking lots. If any student under age 21 is found in violation of this policy, parents/legal guardians may be notified.

Sanctions for Violation of College Policies

Also, as stated in the Student Handbook:

"A student who ignores opportunities for help and assistance and who willfully violates College regulations and the law faces disciplinary action."

The College will impose disciplinary sanctions on students (consistent with local, state, and federal law) which may include discipline up to and including expulsion and referral to appropriate authorities for prosecution. The disciplinary procedure for due process is outlined in the Student Handbook.

Health Risks Associated with Use of Drugs and Alcohol

It is a known fact that a person's physical and emotional Health can be affected by the abuse of drugs. Stimulants (such as cocaine/crack or amphetamines) and depressants (such as alcohol and tranquilizers) are the most commonly abused drugs.

Alcohol, even in small amounts, can slow reflexes, reduce coordination, impair judgment and cause mood changes. CORE Survey statistics have shown that the majority of violent behaviors exhibited by college students including vandalism, acquaintance rape, fights, driving accidents has involved alcohol. Prolonged alcohol consumption can result in brain damage, heart problems, and liver damage. Alcohol use during pregnancy may cause birth defects in the child.

Marijuana may affect short-term memory, coordination, depth perception, male sperm production, and the immune system. THC, the active ingredient in marijuana, is stored in the body's fat cells and testing will still show residue evidence even after a month. (THC can also be recovered in hair when tested as long as six months after use.)

Tranquilizers (such as barbiturates, benzodiazepines) are prescribed to relieve anxiety, tension, and sleep problems; however, when taken in excessive amounts, can cause impaired judgment, slurred speech, and loss of motor control. Tranquilizers are highly addictive, even at lower doses, and in combination with alcohol or other drugs may cause coma or death.

Cocaine/Crack, though effects are unpredictable, may cause confusion, hallucinations, destruction of nasal membranes, and when smoked, lesions in the lungs. Addiction to cocaine occurs rapidly. Cocaine withdrawal results in severe depression and fatigue. Convulsions, coma and death are possible with even small amounts.

Hallucinogens (PCP, LSD, and Mescaline/Peyote) cause illusions and hallucinations, poor perception of time and distance, paranoia, anxiety and loss of control. Since the drugs block pain receptors in the brain, violent episodes of self-inflicted injury may result. "Flashbacks" may also occur even after use of the drugs has stopped.

Drug and Alcohol Abuse Prevention Program

Middlesex Community College provides programs and services that stress prevention of drug and alcohol abuse through education and outreach activities. Workshops, guest speakers, informational materials dealing with health related issues and behavioral risks associated with drugs and alcohol are presented throughout the school year at both campuses.

Appropriate referrals to community service agencies and treatment programs are available through the Counseling Department and Health Services for students and employees who have alcohol and/or drug related problems and who need help with confidential support services and counseling.

In acknowledgement of its role in the larger community, Middlesex hosts weekly meetings of Narcotics Anonymous, ALANON, and Alcoholics Anonymous on campus.

Summary of Legal Sanctions for Alcohol and Drug Abuse

The illegal use of drugs and alcohol is a serious crime under local, state, and federal laws. Courts do not lift a prison sentence so that a convicted person may attend college or continue a job. A felony conviction for a drug or alcohol offense can also prevent a person from entering many professions or other areas of employment.

State and Local ordinances in Massachusetts prohibit public consumption of alcohol and impose fines for violation. Massachusetts laws prohibit the sale or delivery of alcoholic beverages to a person under age 21. A fine and/or imprisonment may be imposed. Misrepresenting one's age or falsifying an identification to obtain alcoholic beverages is also punishable by a fine. Fines, revocation of driver's license, possible prison sentence, and mandatory alcohol rehabilitation may be imposed for a conviction of driving under the influence of alcohol.

Penalties in Massachusetts for the illegal use of controlled substances or drugs vary with the type of drug. In general, narcotic, addictive, and drugs with a high potential for abuse have heavier penalties. Possession of drugs is illegal without valid authorization. Even though penalties for possession are generally not as severe as those for the manufacture and distribution of drugs, possession of a relatively large quantity may be considered distribution. Under both state and federal laws, penalties for possession, manufacture, and distribution are much greater for second and subsequent convictions. Many laws dictate mandatory prison terms and the full minimum term must be served.

It is illegal in Massachusetts to be in a place where heroin is kept and to be "in company" of a person known to possess heroin. Anyone in the presence of heroin at a party or dormitory suite risks a serious drug conviction. The sale and/or possession of "drug paraphernalia" are illegal under Massachusetts law. A person convicted of drug possession under state or federal law is ineligible for federal student grants and loans up to one year after the first conviction and five years after a second conviction, and permanent loss after a third conviction.

In or within 1000 feet of a college or school, under federal law, distribution of drugs to a person under age 21 is punishable by twice the normal penalty with a mandatory sentence of one year in prison. A third conviction is punishable by mandatory life imprisonment.

Severe prison sentences are set under federal law for the manufacture and distribution of drugs if death or serious injury results for the use of the substance.

Weapons Policy

It is the policy of Middlesex Community College to prohibit the possession, display of, or attempt or threat to use unauthorized firearms, knives or other weapons on campus also including, but not limited to explosives, ammunition, replica or facsimile weapons, or objects not originally intended as a weapon, but used as such or to imitate a weapon.

This policy does not prohibit small quantity personal protection chemical spray devices (e.g., key-chain sprays) intended for defensive purposes, or tools possessed and used by employees in accordance with departmental policies, uniformed law-enforcement officials, armored-car couriers, or others specifically authorized by the College.

Hazing Policy

Hazing Policy (MGL c. 269, s. 17)

In accordance with Chapter 665 of the Acts of 1987, Middlesex Community College prohibits any form of hazing on or off the campus. (Text as amended by 1987, 665 effective April 4, 1988.) Section 17: Whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or both such fine and imprisonment. The term "hazing" as used in this section and in section eighteen and nineteen, shall mean any conduct or method of initiations into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation. Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

Students who are involved, directly or indirectly, in the act of hazing are subject to disciplinary action. In addition, they are liable to the full penalties of the Massachusetts laws.

Failure to Report Hazing: Penalty

Section 18: Whoever knows that another person is the victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such a crime shall be punished by a fine of not more than one thousand dollars.

Smoking

In concert with the Massachusetts Smoke-Free Workplace Law, MCC has developed a policy to protect employees, students and visitors from health hazards resulting from exposure to secondhand smoke. This policy applies to all people on MCC campuses, including, but not limited to, students, faculty, staff, visitors and contractors. Smoking is prohibited on all property owned or operated by Middlesex Community College. This consists of all buildings, all grounds, including exterior open spaces, parking lots, on-campus sidewalks, roadways and driveways, recreational spaces and facilities, and in all college-owned or leased vehicles. Smoking will only be allowed in private vehicles, lawfully parked on campus lots, in which the smoker is authorized to be in.

Sexual Violence, Domestic & Dating Violence & Stalking

The College maintains a Policy Against Sexual Violence as part of its Policy on Affirmative Action. The College's Policy on Affirmative Action is available to all students, employees and members of the general public at the College's website at: <https://www.middlesex.mass.edu/diversityandequityaffairs/downloads/aapv2.pdf> or by hard copy through the Office for Diversity & Equity Affairs. The College's Policy Against Sexual Violence is enforced by the College's Title IX Coordinator and states as follows:

Policy Against Sexual Violence

Introduction

Sexual violence is prohibited under state law and the College's Policy on Affirmative Action. Sexual violence is prohibited pursuant to Title IX of the Educational Amendment Act of 1972, which states: *No person in the United States, shall on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal assistance.*

All reported or suspected cases of sexual violence shall be reported to the College's Affirmative Action and/or Title IX Coordinator. Please refer to the Complaint Procedures for specific complaint procedures and guidelines (see Section L).

The College prohibits retaliation against any person who presents a formal or informal complaint of sexual violence or who testifies or offers evidence connected with a complaint. Retaliation is a violation of this policy whether or not the underlying claim of sexual violence is confirmed.

Sexual Violence Defined

Sexual violence is defined under the "Definitions" section of this Policy and includes rape, acquaintance rape, sexual assault, stalking, domestic and dating violence.

Reporting Complaints of Sexual Violence

A victim of sexual violence has the right to file (or not file) an Affirmative Action Discrimination Complaint Form with the College. The process for filing a complaint is outlined under the Policy on Affirmative Action's Complaint Procedure. For more information or assistance with filing a complaint, please contact the College's Title IX Coordinator. If the Title IX Coordinator is the subject of a complaint, the President shall designate another College official to administer the Complaint Procedures. A victim may also choose to file a criminal complaint, in which case the Title IX Coordinator and/or Campus Police can assist the victim with that process. Reporting the incident to the Title IX Coordinator or Campus Police does not obligate the victim to file criminal charges.

College's Investigation

The College is obligated to investigate allegations of sexual violence, even if the alleged victim chooses not to file a formal complaint and/or participate in the investigation. Additionally, a complaint filed in another forum, including a criminal or civil complaint, shall not delay the College's investigation of a complaint of sexual violence. The College shall promptly and thoroughly investigate all such allegations in accordance with the Policy on Affirmative Action. The College may also institute protective measures, such as a no-trespass order, restricted access to campus, adjusted class or work schedule, or a leave of absence, during the investigative process and/or upon completion of the disciplinary process. A person found to have committed an act of sexual violence shall be subject to disciplinary action, up to and including suspension, expulsion or termination from the College, as well as criminal prosecution.

Victim Identification

Personal identifiable information about a victim will be treated as confidential and only shared with persons with a specific need to know and/or who are investigating and/or adjudicating the complaint, delivering resources or support services to the victim or as public safety requires. The College does not publish the names or other identifiable information of victims in the campus police department's Daily Crime Log, in any Timely Warnings issued or online. In accordance with the Family Educational Rights and Privacy Act, a victim may request that no directory information maintained by the College be released absent his/her prior, written consent.

Protections for Victims of Sexual Violence

A person who is subjected to sexual violence shall:

- Be provided with a copy of the College's *Sexual Violence – Victim's Rights and Information form*;
- Have the right to, or not to, seek assistance from campus administration or campus law enforcement;
- Not be discouraged by College officials from reporting an incident to both on-campus and off-campus authorities;
- Be provided assistance in contacting local law enforcement if requested and have the full and prompt assistance and cooperation of campus personnel should a civil and/or criminal complaint be pursued;
- Be free from any suggestion that they somehow contributed to or had a shared responsibility in the violent act;
- Receive the same level of support at any proceeding before College officials as is permitted to the accused party, including the presence of a representative during any disciplinary proceeding and the right to be notified in a timely manner of the outcome of such proceedings and any appeal right available;
- Receive full and prompt cooperation from College personnel in obtaining and securing evidence (including medical evidence) necessary for any potential criminal proceedings;
- Have access to existing College counseling and medical professionals, victim support services, and to obtain referrals to off-campus counseling and support services if desired;
- Be permitted to attend classes, work and participate in College activities free from unwanted contact or proximity with the accused individual(s) insofar as the College is permitted and able;
- Be permitted to request changes to an academic schedule if such changes are requested by the alleged victim and are reasonably available; and
- Be informed of any no-contact or no-trespass orders issued to the accused by the College and the College's commitment to honor any court-issued restraining or protective orders, to the extent permitted by law.

Recommended Procedures for a Victim of Sexual Violence

For a person subjected to an act of sexual violence, there can be time-sensitive decisions to make about sexually transmitted infections, pregnancy, and collecting physical evidence in the event of prosecution. Individuals who have been victims of sexual violence are advised as follows:

- **Protect Yourself and Get Medical Attention** – A victim should be advised to go to a safe place as soon as possible and seek medical attention immediately. Injuries and exposure to disease may not be immediately apparent. A medical examination can provide necessary treatment and collect important evidence. It is recommended that a physical exam be conducted within 72 hours of the violence. Submitting to a physical exam does not mean that a victim is required to press charges. This action merely preserves the option to do so. Designated College personnel can assist in providing transportation to the hospital.
- **Preserve Evidence** - It is important to preserve all physical evidence following an act of sexual violence. Physical evidence may be necessary in the event criminal prosecution is pursued. If possible, a victim should be advised not to wash, eat, drink, douche, clean, use the bathroom, or change clothes. If clothes are changed, all clothes that were worn at the time of the incident should not be cleaned and should be placed into an unused or a clean paper bag.
- **Health and Support Services** - Various health and support services are available on and off campus for students and employees who have experienced sexual violence. For information about such services, including counseling, please contact the Affirmative Action and/or Title IX Coordinator.

Mandatory Reporting Under State Law

Children (a person under the age of 18) may be students at the College, or may be engaged in activities sponsored by the College or by third-parties utilizing College facilities. In such instances, where an employee has reasonable cause to believe that a child is suffering physical or emotional injury, resulting from among other causes, sexual abuse, the employee and the College may be obligated to comply with the mandatory reporting requirements established at M.G.L. Chapter 119, Section 51A-E. In such cases, the employee is directed to immediately report the matter to the College's Affirmative Action and/or Title IX Coordinator, who, in consultation with other officials, shall contact the Commonwealth's Department of Children and Families and/or law enforcement. An employee may also contact local law enforcement authorities or the Department of Children and Families directly in cases of suspected abuse or neglect. State law also maintains mandatory reporting requirements for certain occupations where elderly and disabled abuse or neglect is suspected. For more information on these reporting requirements please contact the College's Affirmative Action Officer.

Complaint Procedure

Acts of sexual violence are subject to disciplinary action pursuant to the College's Policy on Affirmative Action's Complaint Procedure. The Complaint Procedure provides as follows:

General Information

Application of Policy

The complaint procedure is intended to provide a mechanism to investigate and where possible resolve complaints of alleged violations of this Policy against employees and students. The procedures outlined below are intended to ensure that the College will conduct an impartial, fair, effective, and efficient investigation of all allegations of discrimination without fear of retaliation. The complaint procedure is available to any employee or student who believes he/she has been discriminated against on the basis of a protected classification or retaliation. A complaint filed in another forum does not preclude a student or employee from filing a complaint under this Policy. Further, a complaint filed in another forum, including a criminal or civil complaint, shall not delay an investigation of a complaint filed under this Policy.

Confidentiality of Process

The complaint procedure will be conducted as confidentially as reasonably possible to protect the privacy rights of all individuals involved. The College may share information concerning the complaint with parties, witnesses and/or others during any phase of the procedure on a need-to-know basis and shall share information with union representatives as provided for in G.L.c.150E. All individuals with whom information is shared shall be advised of the confidential nature of the information and directed not to discuss the matter with anyone other than a personal advisor, if applicable.

Complainant Requests Confidentiality

Where a Complainant requests that no action be taken by the College or requests that her/his identity not be revealed, the College shall take reasonable steps to investigate and respond to the complaint, but shall inform the Complainant that such a request may hamper its ability to fully investigate an alleged violation of this Policy and/or to take appropriate remedial steps, including disciplinary action. Where an allegation includes the potential of an ongoing threat to the health, safety or security of the College or a potential adverse employment action, the Affirmative Action Officer shall inform the Complainant that it cannot ensure confidentiality and disclosure of their name may likely be required.

Anonymous Complaints

To the extent possible, the College is obliged to investigate and respond to anonymous complaints.

Off Campus Behavior

The College reserves the right to investigate alleged prohibited conduct under this Policy occurring off-campus when such conduct adversely affects the College Community, poses a threat of harm to the College Community; interferes with the College's pursuit of its educational objectives and mission, and/or if a student or employee is charged with a serious violation of state or federal law.

Interim Action

The College reserves the right to suspend a student on an interim basis or place an employee on paid administrative leave prior to completing an investigation under this Policy when it reasonably concludes that a student or employee: (a) poses a threat to health or safety; (b) poses a threat to College property or equipment; (c) is disruptive or interferes with the normal operations of the College; or (d) is charged with a serious violation of state or federal law. In such cases, the College shall provide the employee or student of the specific reason(s) for the interim action. During a student's interim suspension or an employee's leave, the College reserves the right to prohibit the individual from entering upon the

College's property or participating in any College activities absent written authorization from an appropriate official of the College.

Joint Investigation

In some circumstances a Responding Party's conduct may constitute a potential violation of this Policy and/or other conduct policies applicable to employees or students. In such cases, in order to avoid duplicative investigatory efforts, a joint investigation under this Policy may be conducted by the AAO and the administrator charged with enforcing conduct policies. For example, if the Responding Party is a student, the Affirmative Action Officer and Student Code of Conduct Officer may jointly investigate the complaint. Based on the findings of their joint investigation, the student may be subject to disciplinary action for violations of the Affirmative Action Policy and/or the Student Code of Conduct. Where the Responding Party is an employee, a joint investigation may be conducted by the Affirmative Action Officer and the employee's supervisor. Based on the findings of their joint investigation, the employee may be subject to disciplinary action for violations of the Affirmative Action Policy and/or for inappropriate and unprofessional conduct.

Collateral Rights of Employees

Any disciplinary action taken against an employee shall be regarded as an administrative action subject to all terms and conditions of applicable collective bargaining agreements or personnel policies.

Complaints of Sex Discrimination, Sexual Harassment or Sexual Violence

The Title IX Coordinator shall have the responsibility for administering this Policy relative to complaints of sex discrimination, sexual harassment and sexual violence.

Complaint Procedure

The complaint process is comprised of two procedures - the informal procedure and the formal procedure.

Informal Procedure

Where appropriate, the parties to a dispute and/or the Affirmative Action Officer, may attempt to reach an informal and prompt resolution of the potential complaint. Informal resolution is encouraged and any of the parties involved may request the intervention of the Affirmative Action Officer to assist in resolving the matter informally. An informal resolution is achieved through open dialogue between the parties that allows for the airing of any misunderstandings or disputed issues. The informal procedure shall not be used in an effort to resolve allegations of sexual harassment or sexual violence. Further, at no time shall a Responding Party question or confront a Complainant, or engage a third party to do so, as such conduct may constitute intimidation and/or retaliation, which are strictly prohibited under this Policy.

Formal Procedure

The following rules apply throughout all phases of the formal complaint process: (1) all parties to a complaint may have a personal advisor (for union employees this may be a union representative); (2) the role of a personal advisor is limited to providing discrete advice and counsel to the party; (3) the filing of a complaint under this Policy shall not preclude a Complainant from pursuing a complaint in a separate legal forum; (4) a complaint involving a grade dispute shall proceed under this Policy when a student alleges that a grade was improper because of discrimination, discriminatory harassment, sexual violence or retaliation; and (5) all findings reached under this procedure must be based on a "preponderance of evidence" (i.e.; more likely than not) standard.

At any point during the formal complaint procedure, either party may request mediation by contacting the Affirmative Action Officer. The purpose of mediation is to resolve the dispute to the satisfaction of both parties. Mediation shall be mutually agreed upon by the parties. The Affirmative Action Officer, or

designee, shall select an impartial mediator, who shall be mutually agreed upon and not unreasonably refused by either party, and inform the parties in writing of the mediation process and schedule. The mediator must have training or experience in mediating matters subject to this complaint process. Where practicable, a mediation session shall be conducted no later than thirty (30) days after agreed to by the parties. The timelines presented under the Complaint Procedure shall be tolled pending the outcome of mediation. If mediation is successful in resolving the complaint, the Affirmative Action Officer shall reduce to writing the terms of the mediated resolution, which shall be signed by the parties. The mediation process shall not be used in an effort to resolve allegations of sexual harassment or sexual violence. If mediation does not result in a resolution, all mediation discussions shall remain confidential and may not be used or introduced in this process or any other forum.

Step 1 – Affirmative Action Officer Investigation

When a Complainant believes that he/she has been discriminated against because of his/her race, color, religion, national origin, sex, age, disability, sexual orientation, gender identity, genetic information, veteran status, maternity leave and/or subjected to sexual harassment, sexual violence, or retaliation, the Complainant may file a formal written complaint in writing with the Affirmative Action Officer. For student Complainants, a formal complaint may be filed within thirty (30) days following the end of the instructional period when the Complainant knew or should have known of the grievable act. For employee Complainants, a formal complaint may be filed within thirty (30) days from when the Complainant knew or should have known of the grievable act. The complaint shall contain a statement of all known facts pertaining to the alleged violation and shall be filed preferably on the Affirmative Action Discrimination Complaint Form (see Appendix A), which shall be available from the Affirmative Action Officer. If a student is involved, the Affirmative Action Officer shall notify the Vice President or Dean of Student Services.

During Step 1, the Affirmative Action Officer has the authority to seek to resolve the complaint through an administrative remedy. If the parties accept the administrative remedy proposed, its terms shall be reduced to writing, signed by both parties and the Affirmative Action Officer shall retain the document, with copies to the parties. Thereafter, the matter shall be considered resolved between the parties.

Upon receiving a written complaint, the Affirmative Action Officer will notify the Responding Party in writing, of the complaint (see Appendix B), and provide the Responding Party with a copy thereof. The timeliness of such notification shall be in accordance with the appropriate collective bargaining agreement, if applicable. The Responding Party shall have ten (10) days from receipt of notice to submit to the Affirmative Action Officer a written response to the complaint.

Where practicable, within thirty (30) days from the date the Respondent's written response is received, or the date it was due if none was submitted, the Affirmative Action Officer shall conduct an investigation and prepare and issue a Report of Preliminary Findings to the parties. The investigation shall include, but is not limited to, an analysis of the allegations and defenses presented, consideration of all relevant documents, including materials presented by the parties, interviews of the parties and other individuals and/or witnesses, and/or reviewing certain documents or materials in the possession of either party that the Affirmative Action Officer has deemed relevant to the complaint. The Affirmative Action Officer's report shall specify the investigation undertaken and summarize his/her preliminary findings. The report shall be delivered to the parties in hand or by certified mail. If the investigation is not completed within thirty (30) days, status updates shall be provided to the parties every thirty (30) days until its completion.

Thereafter, the parties will have ten (10) days from the date of their receipt of the Report of Preliminary Findings to submit Rebuttal Statements to the Affirmative Action Officer. The parties may present no new allegations at that time. Where practicable, within seven (7) days of receiving the parties' Rebuttal

Statements, the Affirmative Action Officer shall review the rebuttal Statements and prepare and submit a Report of Final Findings and Recommendations to the President's Designee for consideration.

Step 2 – Review and Decision by the President's Designee

Where practicable, within ten (10) days of receipt of the Affirmative Action Officer's Report of Final Findings and Recommendations, the President's Designee shall issue a written decision to the parties. The written decision shall accept, reject or modify the Affirmative Action Officer's Final Findings and Recommendations. The Designee's written decision shall be delivered in hand or by certified mail and shall include the Report of Final Findings and Recommendations. If the President is the Responding Party in an Affirmative Action Complaint, then the Chair of the College's Board of Trustees shall designate a Board member(s) as Designee to administer Step 2 of the Complaint Process.

Step 3 – Appeal to President

A party who is not satisfied with the Designee's written decision may file an appeal with the President within five (5) days of receiving the Designee's decision. Where practicable, within five (5) days of receiving the appeal, the President shall issue a written decision accepting, rejecting or modifying the Designee's decision. The President's decision is final provided that any corrective action and/or discipline imposed is subject to applicable collective bargaining agreements.

If the President is the Responding Party in an Affirmative Action Complaint, then the Chair of the College's Board of Trustees shall consider the appeal and issue the written decision.

Educational & Informative Programs

The prevention of sexual violence, sexual assault, sexual harassment, domestic violence, dating violence and stalking, depends on, in part, the awareness of individual's responsibility for crime prevention and personal safety. Information is provided through programs and education which include: The Policy on Affirmative Action, Equal Opportunity & Diversity, student and employee handbooks, the annual Safety & Security Report, seminars, workshops, trainings, pamphlets, brochures, posters and messages on Newscaster as well as programming provided by the Center for Health & Wellness.

Middlesex Community College is providing training on sexual violence, sexual harassment, domestic violence, dating violence and stalking through an online forum, Haven, provided by Everfi. This informational training session will be sent to first-year students in the beginning of the fall semester and to all new students at the beginning of the spring semester. In addition, new faculty and staff will complete the training session during their orientation to the College. Furthermore, the training can be access by all other students, faculty and staff who are interested in the training. Please contact Alisa Chapman, Director of Compliance, chapmana@middlesex.mass.edu for more information.

Sexual Harassment

It is the goal of the Community Colleges to promote an educational environment and workplace that is free of sexual harassment. Sexual harassment of students or employees occurring in the classroom or the workplace is unlawful and will not be tolerated by the Community College. Further, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating with an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated. To achieve our goal of providing a workplace free from sexual harassment, the conduct that is described in this policy will not be tolerated and we have provided a procedure by which inappropriate conduct will be dealt with, if encountered by students or employees.

Because the Community Colleges take allegations of sexual harassment seriously, we will respond promptly to complaints of sexual harassment and where it is determined that inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose such corrective measures, including disciplinary action where appropriate and consistent with applicable collective bargaining agreements.

Definition of Sexual Harassment

Sexual Harassment is defined as: Unwelcome sexual advances, requests for sexual favors, and verbal or physical conduct of a sexual nature when:

- a. submission to or rejection of such advances, requests or conduct is made either explicitly or implicitly a term or condition of employment or as a basis for employment or academic decisions; or
- b. such advances, requests or conduct have the purpose or effect of unreasonably interfering with an individual's academic or work performance by creating an intimidating, hostile, humiliating or sexually offensive learning or working environment.

Under these definitions, direct or implied requests by a supervisor or instructor for sexual favors in exchange for actual or promised job or academic benefits constitute sexual harassment. The following are some examples of conduct, that either alone or in combination, which may constitute sexual harassment depending upon the totality of the circumstances including the severity of the conduct and its pervasiveness:

- a. Unwelcome sexual advances - whether they involve physical touching or not.
- b. Repeated, unsolicited propositions for dates and/or sexual intercourse.
- c. Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life; comment on an individual's body, comment about an individual's sexual activity, deficiencies, or prowess.
- d. Displaying sexually suggestive objects, pictures, cartoons.
- e. Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments.
- f. Verbal harassment or abuse on the basis of sex.
- g. Inquiries into another person's sexual activities, practices or experiences.
- h. Discussion of one's own sexual activities, practices or experience.

The legal definition of sexual harassment is broad and applies to any individual of either gender who participates in the college community, including a student, faculty member, administrator or any other person having dealings with the college. In addition, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating a hostile, offensive, intimidating, or

humiliating workplace or academic environment to male or female workers or students may also constitute sexual harassment.

It is important to note that when assessing whether conduct constitutes sexual harassment, a “reasonable person standard” shall be applied. The term “reasonable person” is used to describe an objective standard to determine if harassment has occurred. Under the standard, in order for conduct and behavior to be considered sexual harassment, a reasonable person under similar circumstance would have to conclude that the behavior was harassing or discriminatory.

All employees and students should take special note that, as stated above, retaliation against an individual who has complained about sexual harassment, or retaliation against individuals who have cooperated with an investigation of sexual harassment is unlawful and will not be tolerated by the Community Colleges.

Consensual Relationships

(1) Faculty/Administrator/Staff Member Relationships with Students

A romantic and/or sexual relationship, consensual or otherwise, between a faculty member, administrator or staff member and a student is looked upon with disfavor and is strongly discouraged. No faculty member shall have a romantic and/or sexual relationship, consensual or otherwise, with a student who is being taught or advised by the faculty member or whose academic work is being supervised or evaluated, directly or indirectly, by the faculty member. No administrator or staff member shall have a romantic and/or sexual relationship, consensual or otherwise, with a student who the administrator or staff member supervises, evaluates, advises, or provides other professional advice or services as part of a College program or activity.

(2) Relationships Between Supervisors, Subordinates or Co-Workers

A consenting romantic and/or sexual relationship between a supervisor and subordinate or co-workers may interfere with or impair the performance of professional duties and responsibilities and/or create an appearance of bias or favoritism. Further, such relationships could implicate state ethics laws and/or result in claims of sexual harassment, discrimination or retaliation. Therefore, such workplace relationships are strongly discouraged.

Complaints of Sexual Harassment

If any student or employee believes that he or she has been subjected to sexual harassment, the student or employee has the right to file an Affirmative Action Discrimination Complaint Form (see Appendix A) with the College. For more information or assistance with filing a complaint, please contact the College’s Affirmative Action Officer or Title IX Coordinator. If the Affirmative Action Officer or the Title IX Coordinator is the subject of a complaint, the President shall designate another College official to administer the Complaint Procedures.

All complaints will be investigated in such a way as to maintain confidentiality to the extent practicable under the circumstances. If it is determined that a violation of this Policy has occurred, the College will act promptly to eliminate the harassing conduct, and take disciplinary action where warranted. All disciplinary action taken shall be consistent with any applicable collective bargaining agreement. The Duty to Cooperate, Duty to Report, and the obligation to avoid making False Charges, as discussed previously in this Policy, shall be fully applicable under this section.

Institutional Measures to Confront Sexual Harassment

The Community Colleges are committed to promoting, to the greatest degree possible, an environment free from sexual harassment. To this end, the Colleges will take the following steps:

1. Distribute this Policy against sexual harassment to all segments of the College community on an annual basis;
2. Post this Policy against sexual harassment; and
3. Conduct educational programs for the College community regarding the causes, character and consequences of sexual harassment as well as the steps available to stop such practices on the campus.

State and Federal Remedies

In addition to the above, if you believe you have been subjected to sexual harassment, you may file a formal complaint with the governmental agencies set forth below. Filing a complaint under this Policy does not prohibit you from filing a complaint with these agencies.

Bedford Campus: Violence Against Women Reauthorization Act

On March 7, 2013, President Obama signed into law the **Violence Against Women Reauthorization Act** (VAWA) which imposed new requirements on colleges and universities under its Campus Sexual Violence Elimination Act (SaVE). The SaVE Act adds offenses involving domestic & dating violence and stalking to the crimes institutions must report in the Annual Safety & Security Report. In addition, the SaVE Act amended the definition of sexual offenses and the category of reportable “sex offenses” to include: rape, sodomy, sexual assault with an object, fondling, incest and statutory rape consistent with the uniform crime reporting system of the FBI. VAWA requires institutions to collect statistics starting for the 2013 calendar year; however MCC has included statistics for 2012 and 2013.
