Updates

As part of presidential initiative: exploration of China and Southeast Asia connections with high schools and universities by Zhou Williamson and Priscilla Eng (on sabbatical) and connection with institutions with which we have MOU agreements

- Through East-West Center Chinese delegation connection Professor Wang of Shandong University proposed exchange of MCC and Shandong sophomore language students. Curriculum mapping in progress
- Global Scholar program launched in fall

Global Education Strategic Plan draft

Feedback:

- Additional year should be added to Global Education Strategic Plan (2014-2017)
- Measurement scales and visuals work well
- Include global activities outside of Global Education. Put asterisk next to the Global funded activities.
- Possibility of co-curricular required for Global Scholar program
- Use SWOT visual template rather than text

Future Goals:

- Revise Global Education Strategic Plan Draft
- Reach out to STEM, Hospitality, Fashion Design programs in addition to Liberal Arts
- Possibility of tracking Global extra-curricular activities (lectures, concerts) as a requirement for Global Scholar program
 - Passport book in which student has organizer of event sign to show attendance
- Possible language requirement for Global Scholar program
