

How to Apply to MCC

- No application fee
You may return this application in person to an MCC Student Information Center or mail it to:

Middlesex Community College Enrollment Management 33 Kearney Square Lowell, MA 01852-1987

- To be admitted to a degree program, you must have earned a high school diploma or High School Equivalency credential (GED or HiSET). Students who graduated from a Massachusetts public high school since 2003 must have successfully completed all MCAS requirements. Submit an official transcript as evidence of high school completion. If you have not yet graduated from high school, please ask your high school guidance counselor to submit your most recent transcript to date. Once you have officially graduated you will be asked to submit your official final transcript.

- Some major programs of study have additional admission requirements that must be satisfied in order to be considered for admission. These programs are marked with an asterisk on the reverse side of this application. Admission to these major programs of study may be competitive due to the limited number of openings. Non-Massachusetts residents will be admitted only on a space available basis to selective health programs.

- If you have taken courses at another college and would like to transfer the credit, forward your official transcript(s) to the address above.

Please print clearly.

Social Security # (if applicable): Gender: Male Female

Last Name: First Name: MI:

I understand that this communication may be generated using an automated technology.

PROCESS FOR OBTAINING AN F-1 VISA

1. An application will be processed only when ALL of the required documentation is received.
2. The College will then issue an I-20 along with other acceptance information.
3. You will then take the admissions package we send you (which will have the I-20, a copy of your Affidavit of Support, your letter of acceptance from Middlesex, copies of any financial documentation provided and SEVIS fee receipt) to the U.S. Embassy in your country for processing. You should also bring documentation showing your intent to return to your home country such as: a job offer, home ownership or information regarding family members at home.
4. The Department of Homeland Security will be assessing a \$350 fee to all persons who are initially issued an I-20 and are seeking to attend school as an International Student under an F-1 visa. This fee is to cover the costs of administering and maintaining the Student and Exchange Visitor Information System (SEVIS).

Payment is made directly to Department of Homeland Security (DHS) by downloading and completing form I-901. Regardless of payment method, payment must be received by DHS no later than a week before the date upon which the student reports to the consulate to submit the visa application and undergo a visa interview. This will ensure that the check is processed at least three (3) days prior to the interview, as required by the regulations. Students making the payment electronically with a credit card will be able to print out a receipt at the time of the payment and will be able to use that printed fee receipt for immediate verification of payment. For assistance regarding I-901 SEVIS Fee contact: 1-703-603-3400 or email fmjfee.SEVIS@ice.dhs.gov

B-1/B-2 VISA HOLDERS

If you are already in the United States on a Visitor's Visa, you may complete the Middlesex International Student admission process while in the United States to receive your I-20 and either return to your home country to petition for a F-1 Visa or apply to the Department of Homeland Security (DHS) for a change of status to F-1.

F-1 STUDENTS TRANSFERRING FROM A U.S. COLLEGE

F-1 transfer applicants must complete the Middlesex International Student Application to obtain an I-20. Applicants must be "in status" with USCIS and come directly from another college or university with a satisfactory grade point average. Visa holders out of status must apply to USCIS for reinstatement.

ARRIVAL IN THE UNITED STATES

All accepted Middlesex International Students are required to:

1. Arrive in the United States at least two weeks before classes begin.
2. If you are transferring from another United States College or University you should first schedule an appointment to meet with a Designated School Official (DSO) at Middlesex.
3. Plan to take the mandatory Middlesex Placement Test.
4. Register for classes and pay tuition.
5. Attend a special orientation for International Students.
6. Submit to the International Student office a copy of your passport, I-94 card, visa and stamped I-20 within 10 days of arriving in the United States.

HOUSING AND TRANSPORTATION

Presently, Middlesex Community College has limited on campus housing available for students. There are also various housing options within walking distance to the College.

MEDICAL HISTORY, IMMUNIZATION FORM AND HEALTH INSURANCE

All International Students are required to submit the completed International Student Health Record and must purchase the Middlesex Student Insurance.

INTERNATIONAL STUDENTS COURSE LOAD

All international students must maintain a full-time course load (12 credits or more) each semester in order to fulfill visa requirements.
