Addendum to the Articulation Agreement

The addendum changes reflect the changes to the amount of credit maximum that can be transferred in. The words “up to” have been added before 40 and 96 credits.

- Students who have fulfilled the learning outcome objectives and have successfully completed graduation requirements within your college for an Associate Degree in Nursing can transfer up to 96 credits, including up to 40 credits awarded for an Associate Degree in Nursing. This reflects the accurate transfer credit possible.

This above accurately reflects the changes to our previous Articulation Agreement signed: November 2017
