

**Transfer Articulation Program**  
**MIDDLESEX COMMUNITY COLLEGE and RIVIER UNIVERSITY**  
**A.S. HUMAN SERVICES to B.S. PUBIC HEALTH**

Beginning with the 2014-2015 academic year, a graduate of Middlesex Community College, who meets the following requirements and satisfactorily completes the following requirements for admission will be automatically accepted for admission and receive junior-class standing in the Nursing Division at Rivier University for the Bachelor of Sciences degree program in Public Health:

- Completes the requirements of the Human Services major as listed in the current Middlesex Community College catalog, and;
- Receives the Associate of Arts degree with a minimum of a C (2.5) cumulative grade point average.
- Submits application for transfer to the Admissions Office at Rivier University
- Accompanies application for transfer admission with a \$25 non-refundable fee
- Indicates Transfer Articulation Program on the transfer application
- Submits a complete official transcript from Middlesex Community College

Students who transfer through the Transfer Articulation Program are generally able to complete their remaining requirements for the baccalaureate degree in two years of full-time study or less, depending upon the number of transfer credits accepted. Part-time studies may require more time for degree completion. Rivier University will accept up to 90 credits of transfer credits. Advising material is included with this agreement and early academic advising is strongly recommended.

Transfer students who have received a grade of C or better in a writing course equivalent to ENG 115 or 120 will be awarded transfer credit for the course, if this credit was earned within a period of no more than five years prior to matriculation at Rivier; in all other cases, entrance requirements for all students may include submission of a Writing Sample. Course placement (whether fulfilling the ENG 115, ENG 120, ENG 102 requirement, and/or a general elective) will be determined individually upon completion of the Writing Sample and recommendations submitted by department faculty.

---

This agreement, effective 2014-2015 academic year, will ongoing. This agreement is subject to catalog and/or program revisions at both institutions; however, this agreement will continue to apply to students who transfer from Middlesex Community College Associate of Science Human Services program within one year of the termination of this agreement.
